

Entrepreneurship & Start-up Cell (E-Cell)

Vision Group of
Institutions

E-Cell Details

Entrepreneurship Cell or E-Cell is an initiative of Vision Group of Institutions with aim to prepare future job providers for the country. The cell intends to create an ecosystem for promoting Entrepreneurship and start-ups for students of VGI. The cell facilitates learning in the field of entrepreneurship development thereby helping students by providing faculty-mentorship programs and conducting various guest lecturers.

We have conducted number of sessions and workshops wherein experts and entrepreneurs have come forward with details vision towards starting and running own business. Vision Group has also tied up with MSME chapter which provides number of programs round the year.

The e-cell also provides and incubation center to support start-ups through all stages of idea evolution and development into a venture. The incubation center is equipped with all resources necessary for a start-up and provides the right eco-center for growth and sustenance of a venture.

The value of a business today is the sum of all the money it will make in the future.
